Extends from 106 to 184 cm

APPLICATIONS

Handle designed for use with any type of holder, with ErgoSwing joint.

FEATURES

- Made of high-quality material and 100% recyclable
- The use of the handle together with the mop holders with ErgoSwing joint significantly reduces wrist movements compared to traditional systems, preventing the onset of work-related illnesses
- The ErgoSwing system has been designed to accommodate movement in an S-shape, resulting in less fatigue and higher productivity
- Hand grips rotate at 360° for easier movement and sturdy grip
- The rotation locking mechanism allows to safely place the tool against a support
- The system offers optimum performance, with significantly less effort required by the operator

MATERIAL

Copolymer polypropylene, acetal resin, thermoplastic rubber and aluminium
