

## ALPHA A-B PLUS 0503700 - plastic anti-bacterial trolley

↓ 118 cm ↓ 58 cm ↓ 112 cm

### APPLICATIONS

Trolley used for the waste collection and for the wet mopping and/or disinfection in hospitals, rest homes, clinics, medical practices, with pre-soaking mopping system with hermetic Top-Down® buckets.

### FEATURES

- It is made of antibacterial polypropylene copolymer: it is light, atossic, completely recyclable, shock-proof, resistant to frequent use and to low temperatures
- This plastic material has been treated with silver ions and zinc pyrithione to slow down the growth of bacteria
- Tested: the trolley has undergone laboratory tests on samples of Staphylococcus Aureus, Escherichia Coli, Pseudomonas Aeruginiosa and Klebsiella Pneumoniae
- The anti-bacterial action is guaranteed for the whole life cycle of the product
- Strong, tough, ergonomic, modular, easy to assemble and clean
- Non- marking and silent wheels
- Its vertical frames guarantee the maximum hygiene, being the trash bag always separated from the rest of the trolley
- Bagholder 2x60 L to separate the dirty mop heads from the general waste; equipped with bag-stretchers, ergonomic push-bar and reinforcements for a long lasting performance
- Top-Down® bucket 20 L with hermetic cover and handle to prepare the mop heads with the chemical solution beforehand and transport them into the working place
- Buckets 4 L in different colours to separate the different chemical solutions and tools
- The trolley can be equipped with HUSH system: the absorbing pistons inserted into the specif holes of the bag holder allow a soft and very silent closing of the cover
- Several combinations of drawers 22 L and 40 L equipped with slide out limiter, with or without lock, are possible
- The trolley can be equipped with handle holders, hooks for dust pan or other tools, sprayer holders, baskets with dividers, carry baskets and many other accessories. We advise you to check our technical catalogue in the "components and accessories" section of our Alpha line of trolleys in order to know the complete range of accessories available and possible combinations

### MATERIAL

Polypropylene copolymer
